Coordinated System of Care Information Regarding Changes to Claims Payment

The purpose of this communication is to inform you of a change being made to claims payment. There is no action required on the part of the provider.

Effective **February 18, 2019** provider payments will change from one check run per week to a daily check run. The purpose for the change is to ensure we remain compliant with new contract requirements for claims processing.

If you have any questions or concerns regarding this communication, please reach out to your [Network Management Specialist](#) (previously known as Provider Relations Liaison or PRL) for support.

Thank you for all you do in supporting the members of the Coordinated System of Care (CSOC).
