

Magellan's Outcomes and Assessments System Overview

LOGGING IN, DASHBOARD, &
ASSESSMENT BASICS

Magellan
HEALTHCARE®

Agenda

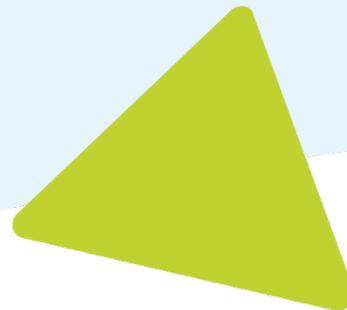

- ❑ What is the Outcomes and Assessments System?
- ❑ The dashboard
- ❑ Locating individuals in the system
- ❑ Assessments best practices
- ❑ Resources

Objectives

- 1 Describe the Outcomes and Assessment System and how Magellan utilizes it
- 2 Identify 3 resources you have available to you when you need assistance with the system
- 3 Identify best practices when beginning an assessment

Accessing the outcomes and assessments system

The screenshot shows the Availity web application interface. The top navigation bar includes the Availity logo, 'essentials', 'Home', 'Notifications', 'My Favorites', 'Louisiana', 'Help and Training', and 'Logout'. Below this is a secondary navigation bar with 'Patient Registration', 'Claims & Payments', and 'Clinical'. A search bar labeled 'Keyword Search' is on the right. The main content area is titled 'Magellan Assessments' and contains two dropdown menus: 'Select an Organization' and 'Select a Provider'. Below these is a warning message: 'You are about to be re-directed to a third-party site away from Availity's secure site, which may require a separate log-in. Availity provides the link to this site for your convenience and reference only. Availity cannot control such sites, does not necessarily endorse and is not responsible for their content, products, or services. You will remain logged in to Availity.' At the bottom of the form are 'Cancel' and 'Submit' buttons. An orange arrow points from the left side of the screen towards the 'Submit' button.

Individual profile

The screenshot shows the Magellan Healthcare interface for an individual profile. The top navigation bar includes the organization name "[Your Organization Name]", a search bar, and a language dropdown set to "English(Mag)". The left sidebar contains navigation options: Dashboard, Individuals (selected), Assessment Templates, Insights, and Settings. The main content area is titled "Fancy Nancy" with a partially obscured DOB. Below the name are tabs for Profile, Assessment Templates, Notifications, and Reports. The "Profile" tab is active, showing expandable sections for Contact Info, Personal Info, and Natural Supports. The "Natural Supports" section is highlighted with an orange border and contains a form for "Current Natural Supports". The form includes fields for First Name (Dancy), Middle Name, Last Name (Nancy), Suffix, Country Code, Phone, Email, Relationship (Example Support Type), Start Date (6/1/2024), and End Date. There are also checkboxes for "Texting Permitted" and "Email Permitted". At the bottom right of the form are "Save" and "Cancel" buttons.

Assessment options

The screenshot shows a form titled "Add New Assessment". It includes a "Date*" field with the value "1/10/2024" and a calendar icon, a "Data Source*" dropdown menu, and a "Reason*" dropdown menu. Below these is a "Notes" text area. At the bottom, there are four buttons: "Cancel" (red), "Start Blank" (blue), "Copy Previous" (blue), and "Invite To Complete" (blue). Three orange arrows originate from a large orange question mark icon below the buttons, pointing to the "Start Blank", "Copy Previous", and "Invite To Complete" buttons.

1. **Start Blank** – starts a new assessment from scratch.
2. **Copy Previous** – will copy the most recent version of the assessment that was submitted.
3. **Invite To Complete** – will send a link to the youth/guardian's email or phone number.

CANS Type 0.00 0%

Life Domain Functioning 1.00

+ Family Functioning 1

- Living Situation -

Living Situation

This item refers to how the child/youth is functioning in the child/youth's current living arrangement, which could be with a relative, in a foster home, etc. This item should exclude respite, brief detention/jail, and brief medical and psychiatric hospitalization.

- 0(0)** = No evidence of any needs; no need for action. No evidence of problems with functioning in current living environment. Child/youth and caregivers feel comfortable dealing with issues that come up in day-to-day life. **(0)**
- 1(1)** = Identified need that requires monitoring, watchful waiting, or preventative action based on history, suspicion, or disagreement. Child/youth experiences some problems with functioning in current living situation. Caregivers express some concern about child/youth's behavior in living situation, and/or child/youth and caregiver have some difficulty dealing with issues that arise in daily life. **(1)**
- 2(2)** = Need is interfering with functioning. Action is required to ensure that the identified need is addressed. Child/youth has moderate to severe problems with functioning in current living situation. Child/youth's difficulties in maintaining appropriate behavior in this setting are creating significant problems for others in the residence. Child/youth and caregivers have difficulty interacting effectively with each other much of the time. **(2)**
- 3(3)** = Need is dangerous or disabling; requires immediate and/or intensive action. Child/youth has profound problems with functioning in current living situation. Child/youth is at immediate risk of being unable to remain in present living situation due to problematic behaviors. **(3)**

Considerations:

- How do current household members describe interactions with each other?
