

Provider Notice

**Subject: Advanced EMDR Training: Tapping Into Ethics!
Hybrid Training Opportunity: In-Person and Virtual**

Some Focus Areas:

- Describe the foundations of EMDR ethics
- Ethics of the use of new and emerging technological advances
- Analyze ethical considerations in the context of structural barriers for clients, trainees, supervisees
- Explore cultural competency, intersectionality, trauma-informed care, and systemic power dynamics
- Identify two tools to make informed, ethical, and culturally competent decisions

Training Registration Criteria:

- EMDR Trained, EMDR Basic Trained, AND/OR EMDR Certified Clinicians
- Those who serve Medicaid-insured individuals
- Provide clinical therapy services to children and their caregivers in Louisiana
- Licensed (or actively working towards licensure)
- Actively (currently) treating children and their caregivers.

There will be no cost to agencies for the training itself; however, agencies must financially commit to the time and effort required to successfully complete the full training day.

CALLING ALL EMDR PROVIDERS!

Advanced EMDR Training Opportunity:

EMDR is a powerful therapy that helps people heal from trauma. As therapists, it's important to think about ethics—not just in our work with clients, but in how we show up in all our roles: as therapists, as trainees, consultants, and trainers. Ethics isn't just a set of rules to follow; it's something we need to engage with thoughtfully, especially when trauma is shaped not only by personal experiences but also by systems like racism, inequality, and cultural bias.

Training Registration Criteria:

- EMDR Trained, EMDR Basic Trained, AND/OR EMDR Certified Clinicians
- Those who serve Medicaid-insured individuals
- Provide clinical therapy services to children and their caregivers in Louisiana
- Licensed (or actively working towards licensure)
- Actively (currently) treating children and their caregivers.
