

## PROVIDER NOTICE:

Dear Provider Partners,

Magellan Healthcare remains committed to ensuring that youth and families receiving Wraparound services experience seamless, high-quality care coordination across all regions.

As part of ongoing program planning and regional alignment efforts, Magellan recently conducted a formal Request for Applications (RFA) process to evaluate and select Wraparound Agencies (WAAs) to support continued program needs across the state. Through this process, new agencies have been selected to assume Wraparound responsibilities in select regions.

Existing WAAs will continue to provide services in their currently assigned regions through the established transition date to ensure continuity of care for youth and families.

Magellan is actively preparing formal communications for providers to ensure a smooth transition as implementation dates approach. Additional details, including timelines, regional information, and referral guidance, will be shared through future eblasts and All Provider Call(s).

At this time, no action is required from providers. We encourage you to rely on official Magellan communications for updates as this process moves forward.

Thank you for your continued partnership and commitment to Louisiana's children and families.

This communication is posted on the Magellan of Louisiana website. [2026 | Magellan of Louisiana](#)

Please reach out to your [Network Management Specialist](#) (NMS) with any questions or concerns. Your NMS is available for support.
