Subject: Changes to Pass-Through Services Limits and Psychological Testing

Magellan continually looks for opportunities to make provider and member processes as convenient as possible while maintaining quality of care. We are excited to inform you that all outpatient pass-through services limits have increased from twenty-four to fifty-two. Psychological testing is included and no longer requires an authorization. Pass-through services renew annually on January 1st of each year. We hope you find this change beneficial.

This communication is posted on the Magellan of Louisiana website.
