

Provider Notice

Subject: LDH Informational Bulletin 22-38 - Revised November 14, 2023
Medicaid Provider Enrollment Portal Update and Requirements

*Note: This IB contains new information about provider enrollment.

Providers should expect impacts to claims processing, and risk not getting paid if enrollment is not complete.

The Provider Enrollment Portal at www.lamedicaid.com remains open for providers required to enroll who have not yet applied. Providers with multiple provider types must complete enrollment for each type (for additional information, see scenario 5 below).

Providers who submit provider enrollment applications should allow several weeks for application processing.

Providers who did not complete enrollment by June 30, 2023, were deactivated and their patients have been assigned to another primary care physician.

Who is Required to Enroll?

- Providers who file claims with Louisiana Medicaid (providers enrolled in Fee for Service (FFS) Medicaid before December 31, 2021, and providers enrolled with an MCO, DBPM, or Magellan before March 31, 2022.)
- Ordering, Prescribing or Referring Providers
 - Ordering, prescribing or referring (OPR) providers do not bill Medicaid for services rendered, but may order, prescribe or refer services/supplies for Medicaid beneficiaries.

Ordering, Prescribing or Referring Providers (OPR)

For Medicaid to reimburse for services or medical supplies resulting from a practitioner's order, prescription or referral, the OPR provider must be enrolled in Medicaid.

Furthermore, if items or services are ordered, prescribed or referred by a resident or intern, the claim must identify the intern or resident's National Provider Identifier (NPI) as the ordering or referring practitioner. Interns and residents are allowed to enroll in the Medicaid program as an OPR provider only.

If you are an OPR provider, those physicians, other practitioners and facilities who render services to Medicaid beneficiaries based on your order, prescription or referral will not be paid for such items or services, if you are not enrolled in Medicaid. Your NPI must also be included on the claim submitted to Medicaid by the rendering provider (42 CFR 455.440).

Please note that this extends to pharmacy Point of Sale (POS) systems as well. The POS system will deny any claims submitted for a Medicaid beneficiary with a prescriber, pharmacy provider, or vaccinating pharmacist who is not enrolled as a Medicaid provider.

Critical Deadlines – Claims Adjudication

Claims processing guidelines depend on when a provider enrolls. If enrollment is not complete, claims and payments will be impacted. The following scenarios outline those impacts.

Scenario 1: Claims for dates of service on or before December 31, 2022, will be adjudicated for providers who have and have not completed enrollment.

Scenario 2: Claims for dates of service on or after January 1, 2023, will be adjudicated for providers who have completed enrollment.

Scenario 3: Providers who have did not completed enrollment on or before December 31, 2022, will have their claims denied for dates of service on or after January 1, 2023.

Providers that completed the enrollment process by June 30, 2023, may resubmit previously denied claims for dates of service between January 1, 2023, and June 30, 2023. Providers who did not complete the enrollment process by June 30, 2023, may not be reimbursed for claims with dates of service between January 1, 2023, and June 30, 2023.

Scenario 4: If an attending, or OPR provider is included on a claim or writes a prescription and has not completed enrollment, it will affect claims adjudication as follows:

- Even if the billing provider is fully enrolled, the medical/professional claim will deny beginning July 1, 2023, if any one of the following are not enrolled:
 - Ordering provider
 - Prescribing provider
 - Referring provider
- Even if the pharmacy is fully enrolled, the prescription will deny beginning July 1, 2023, if any one of the following were not enrolled:
 - Prescribing provider
 - Vaccinating pharmacist, or
 - Pharmacy provider

- Even if a hospital is fully enrolled, the hospital claim will deny beginning July 1, 2023, if the attending provider was not enrolled.

Scenario 5: For providers with multiple provider types, claims for dates of service on or after January 1, 2023, will be adjudicated for providers who completed enrollment of at least one provider type. Effective January 1, 2024, claims will deny for providers that have not completed enrollment for each provider type associated with their NPI. Providers must have all provider types enrolled by December 31, 2023, to avoid claim denials. Providers should verify enrollment status by utilizing the provider lookup tool:

<https://www.lamedicaid.com/portalenrollmentstatus/search>.

Scenario 6: Non-Emergency Medical Transportation (NEMT) providers who were invited to enroll were required to complete the enrollment process by June 30, 2023. Claims will deny beginning July 1, 2023, for NEMT providers not enrolled.

Enrollment Status

Providers that are unsure of their enrollment status or that want to check the status of admitting, ordering, referring and prescribing providers may use the Provider Portal Enrollment Lookup Tool at <https://www.lamedicaid.com/portalenrollmentstatus/search>. Results will show the provider's status as either enrollment complete, action required, application not submitted, or currently in process by Gainwell Technologies. Providers that are not shown in the results are not required to enroll at this time. Invitation letters for those providers will be sent at a later date. The Lookup Tool is updated daily.

Provider Resources For additional information, including frequently asked questions and recordings of provider presentations, visit www.ldh.la.gov/medicaidproviderenrollment.

[Informational Bulletin 22-4](#) contains information relevant to provider enrollment prior to the September 30, 2022, deadline.

Providers needing assistance with application and enrollment should contact Gainwell Technologies by emailing louisianaprovenroll@gainwelltechnologies.com or contacting 1-833- 641-2140 for a status update on enrollment and any next steps needed to complete the process.

As a part of the Affordable Care Act and later refined in the 21st Century Cures Act, federal laws enforced by CMS require that states screen and enroll providers. The Louisiana Medicaid Provider Enrollment Portal will bring Louisiana Medicaid into compliance with CMS revalidation and managed care screening requirements and federal law. The portal will be prepopulated with information that the state, MCOs, DBPMs and Magellan already have on file so that the provider can more easily submit an application through the portal. This streamlined process eliminates the need to complete and mail a paper application. Also, providers will have the ability to track their application through the portal.

This communication is posted on the Magellan of Louisiana website.
